

# How to Raise a Terrorist

**The most powerful being in the universe**  
made you, loves you, and wants you to succeed.

**An infinite being who knows all of existence**  
takes a personal interest in you.

**You are special.**  
When you fail, it is somebody else's fault.

**There is an ungreat being of some form**  
that stands against the great being.

**Anyone who stands against you**  
does so because they want to destroy you.

Because of the great being's interest in you,  
**anything you do is Right, even if it seems Wrong.**

The great being knows more than you—  
**trust the great being's judgement, not your own.**
