

Chaos is fluffy white clouds and pink bunnies and shit.

Eris loves us all and wants to teach us macrame.

Eris is really nice and didn't destroy a whole civilization because she got snubbed and you can't prove anything so stop saying that.

Eris wants us all to be nice to each other and she shoots rainbows out of her forehead and pisses pure patchouli.

She is a mothering type, and is always willing to share her stash.

She wouldn't hurt a fly, because Bad Things aren't REAL chaos.

So there.
